Connectors (for Narrow band) Screw SYNCHRONUOUS LED received frame recognized Lever SIM A Simulation Port A MON A SIGNAL OK LED Monitor received signal recognized Port A-B MON B Simulation Port B SIM B Handset connector

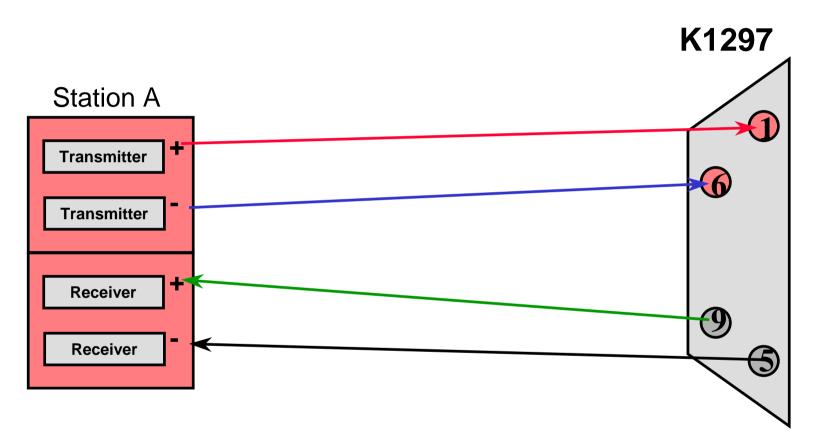

Monitoring Example

Monitoring Pin Configuration

Simulation Pin Configuration

When the station -A is using RJ -48 Connector,

Please refer to pin conf. as 1,2 (Rx) / 4,5(Tx) or 1,2 (Tx) / 4,5(Rx)

Monitoring Pin Configuration (RJ-48)
